

Ideal Heaters

www.indiamart.com/idealheaters

We are the eminent Manufacturer and Supplier of Band Heater, Industrial Heating Element, Chemical Heater, High Density Cartridge Heater, Electrical Industrial Heater, etc. These products have the high tolerance strength and ensures minimum heat loss.

A Member of

Profile

Established in 2004, by "Mr. B. M. Shaikh", we "Ideal Heaters" is one of the leading manufacturer and supplier of Industrial Heater and Heating Element.

We have been manufacturing quality products are custom designed and manufactured as per specifications of our clients and providing them. Our huge assortment includes mica band heaters, ceramic band heaters, cartridge heaters, hi-watt density heaters, strip heaters, Water immersion heaters, oil immersion heaters, coil heaters, air heaters, air finned heaters, quartz heaters, infra red heaters, corrugated machine heaters, silica heaters, casting heaters, furnace heating elements, heating mental, muffle furnace, industrial ovens.

In addition to this, we also offer thermocouple sensors of various ranges of temperature and of various types like RTD PT-100, J-type (iron/constantan), K-type (chromal/alumel), R-type (platinum/platinum/rhodium13%), S-type (platinum/platinum/rhodium10%)

Our commitment towards excellence has made us to deliver optimum quality products that are designed and developed after a thorough analysis of the industry requirement. We conduct rigorous test at each stage of manufacturing to insure that the end product is in line with the client expectation.

A Member of

HEATERS

We are one of the leading manufacturer and suppliers of a wide range of Heater, such as Silicon Carbide Heating Elements, Short Wave Infra Red Heaters, Hi Density Cartridge Heaters, Ceramic Infra Red Heaters and Cartridge Heaters.

Cartridge Heaters

Hi Density Cartridge Heaters

Ceramic Infra Red Heaters

Short Wave Infra Red Heaters

BAND HEATERS

We are an experienced manufacturer and supplier of a diverse range of Band Heaters such as, Strip Heaters, Nozzle Heaters, Mica Band Heaters, Hot Runner Coil Heaters and Ceramic Band Heaters. Our range of product is available in variety of sizes and designs as per the specification of our clients.

Nozzle Heaters

Mica Band Heaters

Ceramic Band Heater

Strip Heaters

IMMERSION HEATERS

Offering you a complete choice of products which include Immersion Heaters such as Water Immersion Heaters, Titanium Heaters, Silica Chemical Heaters, Oil Immersion Heaters, Alkaline Heaters and many more items.

Water Immersion Heaters

Oil Immersion Heaters

Porcelain Heaters

Alkaline Heaters

INDUSTRIAL HEATERS

We are engaged in manufacturing and supplying a comprehensive range of Furnace Heating Elements, D-Shape Heaters, Finned Air Heaters, Tubular Air Heaters, Heating Elements, etc. These products are widely appreciated in the Industry for durability, high performance and easy installation features.

Tubular Air Heaters

Finned Air Heaters

D-Shape Heaters

Furnace Heating Elements

ELECTRICAL HEATERS

We are one of the leading manufacturer and suppliers of a wide range of Electrical Heaters, such as Space Heaters, Muffle Furnaces, Manifold Heaters, Heating Mentles, Corrugation Heaters, Casting Heaters, etc.

Casting Heaters

Corrugation Heaters

Manifold Heaters

Heating Mentles

THERMOCOUPLES

We are manufacturer extensive range of these **Thermocouples**, which can also be customized as per the specification give by clients. These are fabricated using best grade raw materials. These are developed as per the clients' requirements and in various sizes.

J Type Thermocouples

K Type Thermocouples

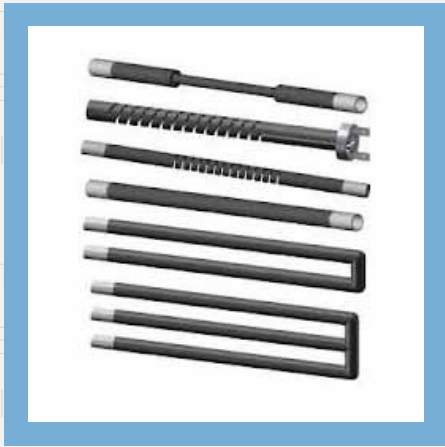

R Type Thermocouples

S Type Thermocouples

OTHER PRODUCTS:

Silicon Carbide Heating Elements

Hot Runner Coil Heaters

Titanium Heaters

Silica Chemical Heaters

OTHER PRODUCTS:

Heating Elements

Muffle Furnace

Space Heaters

RTD Sensors

Factsheet

Year of Establishment : 2004

Nature of Business : Supplier, Manufacturer

Total Number of Employees : Upto 10 People
